

Wisconsin Department of Veterans Affairs

Tony Evers, Governor | Mary M. Kolar, Secretary

September 19, 2022

Dear King Members, Friends, and Family:

We are grateful for your continuing support of our Veterans Home at King to provide compassionate, skilled nursing care to your family member. We appreciate all who take personal responsibility to limit their exposure to COVID-19 while in the community and keep our members safe when you visit.

Since we last updated you September 15, we have had 2 employees and 2 members test positive for COVID-19. Accounting for all recent recoveries, currently we have 5 cases of COVID-19 on campus (2 members, 3 employees).

The Wisconsin Department of Health Services (DHS) is urging everyone to get boosted against COVID-19 and its variants. Anyone 12 and older is now eligible to receive updated COVID-19 boosters, also known as bivalent boosters.

Updated bivalent COVID-19 boosters are now available in Wisconsin. You can now schedule an appointment for these at your local pharmacies, health centers, and clinics. We encourage everyone to please schedule an appointment to get your updated boosters and vaccines to protect yourselves those around you.

Thank you for your continued commitment and support of our Home.

Sincerely,

Diane Lynch, LNHA, MBA
Homes Division Administrator
